TABLE OF CONTENTS

INVERTEBRATE CELL CULTURES—W. Fred Hink, *Issue Editor*

Optimization of Gene Transfer in Cultured Insect Cells
Ann Marie Fallon 1

Transfection of Lepidopteran Insect Cells with Baculovirus DNA
Bartholomew G. Corsaro and M. J. Fraser 7

Insect Cell Culture and Baculovirus Propagation in Protein-Free Medium
Duane Inlow, Andrea Shauger, and Brian Maiorella 13

Construction of Peptoliposomes for the Incorporation of Nutrient Lipid Supplements in Insect Cell Culture Media
Ronald H. Goodwin 17

Simplified Medium (MTCM-1601) for Insect Cell Lines
J. Mitsuhashi 21

Methods for the Development of Cell Lines from Insects
Dwight E. Lynn 23

Methods for Culture of *Bombyx Mori* Wing Discs
Hideki Kawasaki 31

Suspension Culture of *Aedes Albopictus* Cells for Flavivirus Mass Production
Kouichi Morita and Akira Igarashi 35

A Rapid Colorimetric Assay to Evaluate the Effects of *Bacillus Thuringiensis* Toxins on Cultured Insect Cells
Edward Chow and Sarjeet S. Gill 39

Methods for Determining the Survival of Cultured Insect Cells
Thomas M. Koval 43

Erratum 46

JOURNAL OF TISUE CULTURE METHODS

VOLUME 12 NUMBER 2 1989

TABLE OF CONTENTS

CONTRIBUTED PAPERS

Assay for Thymidine Incorporation into Anchorage Dependent or Independent Cells Without Filtration or Cell Harvesting
L. F. Congote, J. Theberge, L. Mazza, and Q. Li 47
Preparation of Primary Cultures of Adult and Juvenile Catfish (*Ictalurus Punctatus*) Hepatocytes
Nancy Wohlschlag, Laura de los Santos, and Paula F. Dehn 53
A Nondisposable Microplate for Use With Organic Solvents
Sue S. Cross, Glynn T. Faircloth, and Michael Young 57
An Adjustable Microplate Platform
Glynn T. Faircloth and Michael Young 61
A High Capacity Microplate Rack
Glynn T. Faircloth, David Newman, and Michael Young 63
A New Assay System for Quality Control Testing of a Chemically Defined Medium
Jindrich Cinatl, Jr., Jaroslav Cinatl, Holger Rabenau, and Hans W. Doerr 67
A Method Using the Chick Embryo Amnion for Mammalian Embryo Culture
E. G. Blakewood and R. A. Godke 73
Primary Culture of Ram Epididymal Epithelial Cells
Hank H. Hwang, Mark C. Healey, Yoko Y. Elsner, and Alice V. Johnston 77

JOURNAL OF TISUE CULTURE METHODS

VOLUME 12 NUMBER 3 1989

TABLE OF CONTENTS

HYBRIDOMA TECHNOLOGY II: ADVANCED TECHNIQUES—Joan C. Rener and Elizabeth M. Earley, *Issue Editors*

Preface
Joan C. Rener and Elizabeth M. Earley 83

Generation of UC 729-6 and SHFP-1 Derived Human Hybridomas and Their Growth in Serum-Free Media
Mark C Glassy 85

Procedure for Intrasplenic Immunization of Mice
Regina M. Donley 91

Hybridoma Production and Cloning with Origen™ Hybridoma Cloning Factor
Renee Sugasawara 93

Recovery of Cryopreserved 96-Well Plates from – 80° C
Tracey L. Walker, Cathy L. Whitlow, and Bruce L. Brown 97

Production of Syngeneic Anti-Idiotypic Antibodies: Methods for Immunization and Screening
Sansanee Changkasiri and Diane W. Taylor 99

Three-Dimensional Immunofluorescence Assay for the Detection of Internal Antigens
Melanie E. Small, Wendy I. White, and Diane W. Taylor 103

A Modified Method for Glutaraldehyde Fixation of Cells to a Solid Phase Surface
Theresa King 107

Determination of Class and Subclass of Mouse Monoclonal Antibody by ELISA
Burt Lidgerding 111

Purification of Murine IgM Monoclonal Antibodies by Hydroxylapatite Chromatography
J. Stephen Harshman 115

JOURNAL OF TISUE CULTURE METHODS

VOLUME 12 NUMBER 4 1989

TABLE OF CONTENTS

DNA-MEDIATED PLANT TRANSFORMATION—Paul J. Bottino, *Issue Editor*

Preface
Paul J. Bottino 119

Electroporation of Protoplasts
George W. Bates 121

Direct Gene Transfer Via Polyethylene Glycol
C. M. Johnson, G. K. Carswell, and R. D. Shillito 127

Agrobacterium-Mediated DNA Transfer
P. J. Bottino, Deanna Raineri, E. W. Nester, and M. P. Gordon 135

A Procedure for the Microinjection of Plant Cells and Protoplasts
Brian Miki, Bin Huang, Sharon Bird, Roger Kemble, Daina Simmonds, and Wilfred Keller 139

Agrobacterium-Mediated Transformation of Somatic Embryos as a Method for the Production of Transgenic Plants
Abhaya M. Dandekar, Gale H. McGranahan, Charles A. Leslie, and Sandra L. Uratsu 145

Mutant Isolation Techniques with Plant Tissue Cultures
Jack M. Widholm 151

Protoplast Fusion Technology
Stephen Gleddie and Wilfred A. Keller 157

Cryopreservation Technology for Plant Cell Cultures
Joseph J. Di Maio and Raymond D. Shillito 163

Microspore Culture Technology
Bin Huang and Wilfred A. Keller 171

Artificial Seeds: A Method for the Encapsulation of Somatic Embryos
David Slade, Jo Ann Fujii, and Keith Redenbaugh 179

Author Index 185

Subject Index 186

Editorial Office Use Only

All manuscripts submitted to the Tissue Culture Association (TCA) must include this form, signed by the author(s). Form will be returned with manuscripts not accepted.

MANUSCRIPT TITLE: _____

_____

AUTHOR(S): _____

This form should be signed by all authors (senior and junior) or by their authorized agent, except that in the case of an article commissioned by another person or organization or written as part of the duties as an employee, an authorized representative of the commissioning organization should sign.

U.S. Government authors whose articles were written as part of their official duties should sign the second statement below.

I (We) hereby transfer to the Tissue Culture Association (TCA) copyright and all rights under it in the manuscript named above, effective if or when it is accepted for publication.

SIGN HERE: _____ corresponding author _____ date _____ author _____ date

_____ author _____ date _____ author _____ date

_____ senior author acting as the agent for all other authors _____ date

_____ other authorized agent, name and title _____ date

U.S. Government authors only

This is to certify that the article named above was prepared by a United States Government employee(s) as part of his (her) (their) official duties and therefore legally cannot be copyrighted. Should the article later be determined to be copyrightable, I (we) hereby transfer to the Tissue Culture Association copyright and all rights under it I (We) have in this article if and when it is accepted by the Society.

SIGN HERE: _____ author _____ date _____ author _____ date

_____ name (and title if not author) _____ date

NO MANUSCRIPT MAY BE PUBLISHED IN ANY TCA PUBLICATION UNLESS THE TCA HAS RECEIVED THIS SIGNED FORM.
